

POLICY ON ENVIRONMENTAL PROTECTION

The management of **CORAL SRB d.o.o. Belgrade** is committed to continuous improvement of the environmental management system in accordance with the requirements of the standard

ISO 14001:2015.

The environmental management system is applied in the processes of **"Wholesale of solid, liquid and gaseous fuels and trade of motor and other fuels at stations for the supply of vehicles"**.

All employees of CORAL SRB d.o.o. are committed and work to prevent and eliminate environmental pollution and to this end:

- Identify all aspects of the environment that have or may have an impact on the environment in order to prevent pollution
- Perform their business activities in accordance with relevant laws, regulations and other environmental requirements
- Define and implement the rules of the organization that are not provided by law, in order to improve the environmental management system
- Train to take preventive action in pollution avoidance, resource saving and to continuously improve the environmental protection system
- Save resources and energy, reduce or eliminate the use of harmful substances and manage waste in a controlled manner,
- Consider the opinions and suggestions of all stakeholders and take appropriate measures to improve environmental protection
- Inform business partners and other stakeholders about their commitment to the environment.
